We are pleased to make available the meeting agenda and the report for the meeting on 8 to 9 November 2012 on the Psychosocial Oncology Action within EPAAC Work Package 7, Healthcare. The meeting discussed the development of a training programme on communication skills and psychosocial care for European countries with low resources in this area. This action is being carried out by EPAAC Work Package 7 with the help and input of the International Psycho-oncology Society (IPOS).

The Meeting Agenda and Report are available.
