The Netherlands proposes the development of a CEN Workshop Agreement 'Quality criteria health checks', following the workshop of the same name.

Participants and experts are invited to contribute source documents and register for the kick-off meeting of the Workshop. The CWA 'Quality criteria health checks' is included in the Joint Action of the European Partnership Action Against Cancer as a part of Work Package 6, Screening and Early Diagnosis.

The workshop will take place on 2 December 2011 in the Hague, Netherlands. For more detailed information, please see announcement and registration details , travel information an d
